Black

TruClose Heavy-Duty Alignment Legs hinges deliver dependable TruClose reliability for pool safety and general-purpose gates around homes and yards, as well as high-traffic gates. These hinges are ideal for retrofitting existing gates as they will fit to gate gaps ranging from 1/4"- 1" (6-25mm). Special Quick-Fit alignment legs make aligning the hinge on the gate and fence post quick and easy, as well as adding extra strength due to the additional fixing points.
