Welded Aluminum Deck Mount To Post

Available For 2", 2 1/2" & 3" Square Posts • Posts Are Welded To Mount On The Underside To Conceal The Weld

Pricing is for **WELDING SERVICE ONLY** and does NOT include the post and deck mount. Add this to your cart along with the posts and deck mounts.

Welded Deck Mounts are used to secure fence posts to any horizontal surface that is not easily open to digging such as concrete, wood or asphalt. Welding increases the strength and stability of the post.
